MESSAGE FROM THE MAYOR OF ST. ALBERT

On behalf of City Council, welcome to everyone attending and participating in STARFest 2024.

Since 2011, STARFest has brought award-winning, best-selling authors and fresh new literary voices to delight audiences from across the region, and this year is no exception. The 2024 festival will host 6 authors during the events planned over 12 days from October 17-28, 2024.

We are pleased to have so many passionate performers and guests visit our great City. A warm welcome also to our new STARFest director Julie Ruel. We are proud of the work our public library does to encourage readers and promote authors and artists to create works that expand hearts and minds.

Welcome to STARFest and enjoy!

Cathy Heron
Mayor, The Botanical Arts City
